Empowering Survivors to **Leave** "The Game" (commercial sexual exploitation)

Ending The Game can help survivors of sexual exploitation recognize the patterns of abuse and psychological tactics their pimp-traffickers use to coerce them into a world of exploitation. ALL participants will receive a **\$120 stipend** upon completion of the cycle.

WHERE: Sparrow's Landing at 1513 11th Ave Greeley, CO 80631, with Fort Collins as an option. Free Our Girls can assist with transportation if that is a barrier.

WHEN: April 14th 5:30—6:30 p.m.* meeting every Tuesday for 10 weeks until June 16th
**Times, dates and locations may be subject to change based on participants' schedule*

WHO: Free Our Girls is asking hospitals and mental health agencies to lead in the identification and referral process. ETG is ideal for self-harm, suicidal, and SUD patients who are seeking treatment and who have a high probability of trafficking happening or have self-identified during treatment. ETG was originally developed for female-identifying individuals, yet this program can be a great fit for queer and non-binary identifying individuals as well. Certain factors **indicate an increased risk of being trafficked** or having experienced commercial exploitation: [Who is at Risk?](#)
